**Announcing European Company Searches for Acquisition**

For companies wanting to acquire a business in Europe we can offer the following services in conjunction with our European partner, Dr. May Pharma Consult, GmbH:

- We research companies available in Europe for a possible acquisition.
- We provide Market Intelligence Data for any European company.
- We can systematically search for any company registered products including sales figures in order to complete market intelligence for acquiring a company.
- We can help you develop your financial targets for the business to be acquired.
- We can provide an independent valuation of the company. Goldman Collins is a member of the International Professional Business Appraisers Association ([www.IPBA.org](http://www.IPBA.org))
- We offer due diligence services.
- We offer very competitive success fee rates.
