

PRESS RELEASE

December 7, 2009

HEBRON: BioServ Corporation has engaged Hebron based Goldman Collins Associates LLC to provide interim managerial services at their San Diego facility. Goldman Collins Principal, Ronald Collins, will act as General Manager of BioServ while an executive search is underway for a permanent General Manager. Goldman Collins Associate, Jan Collins will provide training and administrative oversight. "We are happy to have been chosen by BioServ to manage their company while they search for the right executive to lead the company into the future," Collins said. "The fact that they chose Goldman Collins, a company 3000 miles from their operation, indicates to us that our management consulting expertise is recognized on a national level," he added. Goldman Collins Associates LLC was founded in 1999 and is an international management consulting company. Their headquarters is in Hebron, NH. Their website can be found at www.GoldmanCollins.com.
